

Convention & CampEx is the annual conference and trade show event for Camping In Ontario. It is the educational and networking event of the year for campground professionals. The convention features training, social interaction, problem-solving and purchase planning for our campground members. It also provides sales and marketing opportunities for our Official Suppliers and prospective suppliers of the campground industry. CampEx participants can expect to create and build relationships, provide input, promote and sell their products and services, while also demonstrating their support for the campground industry.
